

SACHIN KUMAR

DATA ANALYTICS

I am currently pursuing my graduation in CSE, eager to apply my skills in a practical work environment. Detail-oriented data analytics graduate with hands-on experience in data visualization, statistical analysis, and data-driven storytelling. Looking to leverage my skills and a standout project in real-world analytics to contribute to a data-driven organization.

PROJECTS

E-commerce Sales Dashboard & Insights Developer

05/2025 - Present

Mohali (Punjab)

Developed a personal finance management application designed to help users track their income and expenses, set budgets, and generate financial reports. The app features a user-friendly interface, real-time data sync, and customizable categories for transactions. Focused on delivering an intuitive and seamless experience for users to monitor and control their financial habits.

Customer Churn Prediction (Python + ML) Developer

03/2025 - 05/2025

CHANDIGARH UNIVERSITY(SAS nagar)

Developed a supervised machine learning model to predict customer churn for a telecom company. The goal was to identify customers at high risk of leaving the service and enable targeted retention strategies. Customer attrition was affecting revenue. The business needed a predictive solution to proactively identify churn-prone users and reduce customer turnover.

Netflix or Spotify Data Analysis Developer

11/2024 - 02/2025

CHANDIGARH UNIVERSITY(SAS nagar)

To analyze content trends on Netflix in terms of genre, country, release year, and content type, and to uncover insights about content strategy. Removed missing/null values in cast, director, and rating. **Dataset:** Netflix Movies and TV Shows - Kaggle

Contact : sachin Kumar - 7542090335

Covid-19 Data Tracker Data Analyst

10/2024 - 11/2024

To analyze the data, use Python and Matplotlib to analyze and visualize trends in global COVID cases.
